III. PROGRAM OBJECTIVE:

The Community Workforce Program objective is to ensure the utilization of workers living in DTAs in which a capital construction project is located. It is an attempt to improve the economic condition of all traditionally underserved communities, within employment figures exceeding the national average. Additionally, it is an effort to ensure that public dollars for capital improvement projects benefit residents of the affected communities.

A percentage of the workforce performing construction trades and labor work as established by DBD, under this contract or subsequent work orders where applicable, must be residents of DTAs for a minimum period of twelve consecutive months.

These provisions are subject to changes and corrections. The awarded contractor agrees to comply with any changes to this document and any amendments to the governing Ordinance and respective Administrative Order during the life of this contract or any subsequent work orders where applicable.

IV. GOAL COMPLIANCE:

It shall be the responsibility of the Contractor to maintain compliance with the Local Workforce Goal utilizing direct employment or utilizing employment through the subcontractor's workforce.

If the primary contractor and the subcontractor, through written mutual agreement, agree that any portion of the workforce goal will be achieved through the subcontractor, then the subcontractor shall have the right to self recruit or select and utilize registered WDOs or WROs to select qualified workforce to meet the established goal. The primary contractor, however, retains full responsibility for meeting the established Workforce Goal.

Contractors' are subject to penalties for non-compliance and violations in accordance with the governing Ordinance and Administrative Order.

Each New Hire residing in a DTA who is hired to a position designated in the approved Workforce Plan and who performs construction trades work or labor work of the contract for a minimum duration of one hundred twenty days or the duration of the job whichever is less may also count towards meeting the goal, provided the first priority in hiring for such position was given to persons residing in the DTA in which the public improvement is located. Trade work equal to or less than 30 days, will not be counted towards goal compliance.

Notwithstanding anything to the contrary above, the contractor may in whole or in part, be relieved of the workforce goal if such contractor can demonstrate to DBD that it has utilized its best efforts to achieve a goal, including but not limited to, documented evidence (i.e. telephone/fax logs, etc.) of attempted recruitment through all DBD registered WDOs and WROs, Miami-Dade County's Clearinghouse and other DBD available workforce databases.
